Brazil will support the United  
States and other leading powers in  
the war, as was decided before the Peace  
Conference, declared Dr. Elipio  
Fessao, head of the Brazilian delegation  
to the Peace Conference to the Associated Press.  
All delegations are forbidden to  
make any statement concerning the  
terms of the League of Nations  
which will prevail when  
the new international organization  
is established.TWO CONCEPTIONS.  
There are two conceptions of this  
new organization, now under examination.  
One plan makes the League of Nations  
trustee of the colonies, managing  
them through particular states as  
the "parent" state. The second is that  
the colonies should be given to the  
League of Nations, which will then  
have the right to administer them  
as it sees fit. The League of Nations  
will be the trustee of the colonies,  
and the colonies will be given to the  
League of Nations, which will then  
have the right to administer them  
as it sees fit.

SUPPORTS AMERICA.

JANUARY 31, 1919.

# POWERS AGREE ON WILSON PLAN TO RULE COLONIES

## Occupation of Turkey to Be Divided Between Armies of the Entente

BY ATLANTIC CABLE AND A. P.

PARIS, Jan. 30.—The announcement was made in authoritative quarters today that the great colonial powers, notably Great Britain and France, had accepted in principle the American proposal put forward by President Wilson for the League of Nations exercising supervision over the German colonies and allotting their administration to mandatory powers.

The war council at a meeting today considered economic and financial questions and the subject of raw materials. The sentiment was favorable to the relaxation of the blockade so far as it concerned southeastern Europe, including the Balkans and Austria-Hungary.

The communication issued tonight makes the official announcement that "satisfactory provisional arrangements were made for dealing with the German colonies and the occupied territories of Turkey in Asia."

The provisional arrangement to which the communication refers is the acceptance in principle of President Wilson's plan of mandatory administering of the colonies.

The reference to the occupied territory of Turkey in Asia includes that Mesopotamia, Palestine, Armenia and Syria are within the scope of this new policy of dealing with the

territories.

These are the main features of the mandatory system, which the powers are to administer under a sweeping change in the principle of the colonies.

The basic idea of this is that the colonies will be administered by mandate for the benefit of their own people and not for the benefit of the occupying power.

The powers claiming them the acceptance of the principle, the condition that details will be worked out on a basis of common sense and the powers of the mandatory will be given to the occupying power.

The powers will be asked of the United States government for the exportation of the planes to Mexico.

Alfonso Villa, brother of Francisco Villa, is marching toward Cuernavaca with a force of 200 men for the purpose of invading and starting a rebel uprising in the State of Coahuila, it was officially announced tonight.

Philippe Auguste, commander of the Villa forces in the Ojinaga district with headquarters at Cuchillo Parado.

UNIVERSAL CONFERENCE OF ALL STATES DESIRING TO PARTICIPATE IN A League of Nations will be the final act in the formation of the league, Leon Bourgeois, the French ambassador to the League of Nations, told today. The conference would be held after the Peace Conference had drafted the scheme, now being drafted by representatives of the Allied and Associated powers.

The universal conference of all states into the league and a passenger train collided near Laguna, 160 miles south of the border.

Twenty-five were killed and thirty injured when a freight and a passenger train collided near Laguna, 160 miles south of the border.

Reports of the Villa forces in the third-class coaches.

The wounded passenger train ran into the rear of a freight train, killing a number of the soldiers guarding the train, five wives of soldiers, three children and a number of passengers in the third-class coaches.

Federal army paymaster was also killed and his aide injured.

The injured were taken to Chihuahua City and placed in the hospital. The wife of an American was reported killed, but this was not confirmed.

THE FACTS PROVE," continued the Minister, "that we have strictly observed the terms of the treaty of Acreon of 1884. The treaty prescribed that under certain conditions the plebiscite should be held at the end of ten years to decide whether those two provinces desire to remain under Chilean rule or go over to Peru. Peru did not do this.

# Early and Complete Agreement on Colonial Questions is Expected by Peace Conference

## ENVOYS ADOPT WILSON POLICY

Internationalization of German Colonies Proposed.

Supreme Power to be Vested in League of Nations.

Control Through Mandatories is Agreed Principle.

(Continued from First Page.)

of requisitioned German ships, of which Brazil holds forty-three and also to the question of indemnities to which Brazil will make a claim. "The League of Nations," the speaker said, "will submit to the conference," he added, "are absolutely insignificant as compared with the tremendous problems which the powers will have to solve. The question of the Brazilian question is a request that Germany return \$120,000,000 which we have deposited in German banks as a guarantee for loans, especially in France, England and Belgium."

DENIS OKUMA INTERVIEWED.

The Japanese peace delegation issued a formal denial to publications in Paris newspapers based on an interview with Marquis Okuma, former Premier, purporting to the American press that the present Japanese Cabinet bases its policy on Marquis Okuma's statement is absurd.

The British delegation in Paris, which yesterday issued a plan for an international labor bureau to be laid before the Peace Conference, and forwarded to London for consideration by the emperors, has decided to proceed with speed with which they were able to complete the draft. The consultation lasted only two and one-half days.

OPPOSITION IN SENATE.

WASHINGTON, Jan. 30.—Vigorous opposition to plans reported from Paris for the internationalization of former German colonies was made by Senator Borah, Idaho, Republican.

The speaker said he was not in favor of the United States assuming any obligation to control, govern, or administer for any part of the German possessions.

Senator Borah said Australia, in demanding the German islands of the Pacific, had announced a Monroe Doctrine for Australia, and

that plan in its practical application now is under examination before the supreme council of the Peace Conference.

The discussion on the subject of mandatories over the German colonies was proceeding among all the powers, and the administration of captured territory, it was stated by Capt. Andre Tardieu of the French peace conference delegation today.

The acceptance, however, is subject to the condition that the international conference will be called.

ACCEPT WILSON IDEA.

The British and French governments have accepted in principle President Wilson's plan concerning mandatories from the League of Nations, and the administration of captured territory, it was stated by Capt. Andre Tardieu of the French peace conference delegation today.

The acceptance, however, is subject to the condition that the international conference will be called.

French Interests.

Asked if the former German colonies, Capt. Tardieu said that France desired the Kamerun and Togoland, which, owing to the character of their populations, were in the best position to administer.

France was in the best position to administer the colonies, he said.

The direct annexation of the colonies would have been preferred by France, Capt. Tardieu said, but the idea of mandatories was being carefully examined with a view to determine how it could be applied practically.

Capt. Tardieu said the time required for defining the method of applying the system would not be long, and the form in which the League of Nations or postpone the signing of the peace with Germany. The allied and associated powers, he said, would finally decide upon the date when it would interfere with our Monroe Doctrine?"

The members of the U.S. delegation, defended the action of the American commissioners in holding private conferences, declaring such conferences were necessary to further the cause of peace.

At the Peace Conference, all meetings of the peace commissioners, he said, could not be heralded "from the housetops."

BRITISH PROTESTS.

IN ATLANTIC CABLE AND A.P.I.

LONDON, Jan. 30.—The discussions of the Paris conference regarding the future of the former German colonies are being followed with great interest. In many sections of the press there is a strong feeling that the British should not be allowed to interfere with the French, and the desire to reach unanimous agreement, Capt. Tardieu said. This applied to Japan as well as to the other powers with colonies in Africa, and the same principles inspired by the same purpose, which was to reach an agreement in common.

French Interests.

This applied to Japan as well as to the other powers with colonies in Africa, and the same principles inspired by the same purpose, which was to reach an agreement in common.

French Interests.

Asked if the former German colonies, Capt. Tardieu said, but the idea of mandatories was being carefully examined with a view to determine how it could be applied practically.

Capt. Tardieu said the time required for defining the method of applying the system would not be long, and the form in which the League of Nations or postpone the signing of the peace with Germany. The allied and associated powers, he said, would finally decide upon the date when it would interfere with our Monroe Doctrine?"

The members of the U.S. delegation, defended the action of the American commissioners in holding private conferences, declaring such conferences were necessary to further the cause of peace.

At the Peace Conference, all meetings of the peace commissioners, he said, could not be heralded "from the housetops."

BRITISH PROTESTS.

IN ATLANTIC CABLE AND A.P.I.

LONDON, Jan. 30.—The discussions of the Paris conference regarding the future of the former German colonies are being followed with great interest. In many sections of the press there is a strong feeling that the British should not be allowed to interfere with the French, and the desire to reach unanimous agreement, Capt. Tardieu said. This applied to Japan as well as to the other powers with colonies in Africa, and the same principles inspired by the same purpose, which was to reach an agreement in common.

**MIDDLE WEST NEWS IN BRIEF.**

**EXCLUSIVE DISPATCH.**

ST. LOUIS, Jan. 30.—The entire estate of the late William I. Horton, whose will was filed for probate today is bequeathed to his widow. One dollar each is given to his sons. Horton, general superintendent of the Lacled Christy Clay Products Company, was killed January 24 when a train hit his automobile.

An involuntary petition in bankruptcy was filed in the United States District Court today against the Steinlage Sanitary Mills Company of the city.

The separation of Richard E. Hinrichs, a young stock and bond broker and his wife, Mrs. Marjorie Hinrichs, which has existed since last February 1, is about to be ended, according to relatives and friends of the couple.

**MILWAUKEE.** (EXCLUSIVE DISPATCH.)

MILWAUKEE, Jan. 30.—Hundreds of affidavits asking that Milwaukee soldiers be released from service to come home to families in the need of financial assistance have been prepared and forwarded to Washington by the County Council of Defense.

Editor Nieman of the \$50,000 libel suit of Emil Seidel, former Socialist Mayor, because his picture was printed as being indicted by Federal court for violation of the Espionage Act, testifies that the picture was run in error and that he, too, was hunted down and repudiated. He said it was not malice, because of the paper's campaign for loyalty in the State.

Capt. Charles C. Manley, whose wife died of influenza, leaving two small children, while he was in France, returned today. He was discharged because of his loss at home.

The State clay manufacturers in session protest against the rise in freight on brick. The association declared there was no chance now for a reduction in prices.

To put soldiers on their feet by offering liberal financial settlement on out over timber lands was the decision of the Hemlock and Hardwood Manufacturers of Wisconsin and Northern Michigan in convention here today.

The six schools board made a radical series of shifts of teachers principals today, the oldest teachers being affected.

A. D. Campbell, former secretary of the State Advanced Education Association, has lost \$22,500 suit for being discharged. The court found there was no malice. He testified the woman he kissed in his office was his fiancee.

Charles H. Hines, a prominent insurance man, died today of heart trouble after one day's sickness.

A new transportation line, by water, is being organized to operate boats from Milwaukee to Michigan City, Ind., and intermediate points.

Hundreds of persons owning War Savings Stamps are surrendering them at the postoffice here. To date over \$150,000 worth have been cashed in.

State will grant licenses to all physicians and surgeons commissioned in the army who secured an honorable discharge, without taking the state examination, according to provisions of bill before the Legislature.

Mrs. Aggie Green Clarkson, widow of the late Richard P. Clarkson, first publisher of the Des Moines Register, is dead. Her husband died in Los Angeles a year ago. Since then she has resided here with a daughter.

A maximum temperature of 62 degrees was reached here today.

The first moonshine still in Iowa since the State went dry was discovered today by Sheriff Jones in Woodbury county. The still was located on an island in the river.

A Garrison of the Soldiers' and Sailors' Union was formed here tonight by veterans of the Spanish-American War, Mexican border men and National Army men.

State secret service men and insurance company representatives investigating a possible thief insurance agent combine in Iowa, where thousands of dollars is swindled from insurance companies on stolen cars. According to investigation a car is stolen, planted and then turned over to the agent of the reward. Several arrests have been made.

The Three Hundred and Thirty-eighth Field Artillery, composed mostly of Iowa men, will arrive next week at Camp Dodge from overseas for demobilization.

Unless the temperature drops to zero man before long, Iowa will suffer an ice famine this summer. For the past three weeks temperatures have been above freezing and the ice has gone out of all the rivers of the state.

The government reconstruction hospitals at Camp Dodge and Fort Des Moines are to be retained permanently, according to a message from Washington. Some 1,500 men and women at both institutions are undergoing treatment. Instruction in different industries is being given to the men at the Fort Des Moines Hospital.

Because Mrs. Della Viggers, star witness for the State in the city police scandal, was brought back from Denver, Colo., while en route to California, on a warrant charging her with conspiracy in the same case, the State's case against Sam Page, head of the alleged printing plant, probably was dismissed today. Mrs. Viggers was Page's book-keeper and paid out the cash for "commissions" on city contracts to City Purchasing Agent Anchors and the State loan case. Anchors was sentenced to three years in the penitentiary.

Hundreds of Iowa parents are sending the War Department to bring back the bodies of their sons who were killed in France. Following this request the city and public-spirited citizens are back of a movement to establish a gold star cemetery in the city.

**FLAMES DISTURB WAKE.** (EXCLUSIVE DISPATCH.)

CHICAGO, Jan. 30.—Firemen responding to a fire here last night found a dead man, wrapped in a sheet, laid out on the dining-room table. A party of men and women, who evidently had been holding a wake, had fled, leaving their wraps. The man had broken out a small blade which had broken out in a closet off the dining room.

If you love children this film is going to charm you. If you haven't got the time or child, look yet, here's your opportunity. See Dr. Griffith's "The Mother and the Law," at the Kinema, beginning Sunday.

**HOG ISLAND SHIPYARD IS DEFENDED BY BRUSH**

**HEAD OF GREAT COMPANY SAYS IT IS WORTH HUNDRED MILLION DOLLARS.**

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 30.—The Hog Island shipyard, which will cost \$66,000,000 when completed, was founded today before the Senate Commerce Committee by Matt C. Brush, president of the company operating the plant, as "the only war venture which every single penny spent is still good."

Aside from the shipbuilding facilities, Mr. Brush said, "the construction of Hog Island is justified in the sense that it will be more than the United States government has invested in it, because it's as good a deep-water terminal as there is in this country. I am willing to state my reputation as an executive that the yard can be made a success."

Mr. Brush quoted Howard Cooley, vice-president of the Emergency Fleet Corporation, as saying that Philadelphia could afford to spend \$100,000,000 to acquire Hog Island and continue its development as the city's great water terminal.

Mr. Brush said Hog Island is one of the biggest and most important bases the United States has ever had, a great psychological influence in the world of commerce, and reminded the committee take over the yard when the government does it.

He said the American International Corporation, the holding company which controls the property, gladly confirmed the government's opinion, which was made before Congress gave the Emergency Fleet Corporation power to acquire

Credit for the launching of four ships, five of which are in construction, and the sixth will be entirely to the former management of the yard and the men working there.

Mr. Brush said no power earth could have done so because of handicap of weather and influenza. He refused to hazard a guess as to when the first part of the contract with the government would be completed.

The witness said the Hog Island yard was the first concern to undertake the employment of wounded veterans. He said a number of them, a number of whom have been given positions in the medical corps, are making good.

Walter C. Pierce, chief engineer of the Quisenberry, first of the Hog Island ships, took the stand to deny

part in the actions of the Chicago branch.

**OUSTED COSTA RICAN HEAD SUED FOR LIBEL.**

**CAPITALIST SAYS REPUTATION WAS INJURED BY LETTERS OF EX-PRESIDENT.**

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 30.—Alfredo Gonzalez, formerly President of Costa Rica, was named as defendant in a suit for \$250,000 damages, brought here by John G. Valentine, an American capitalist interested in oil lands and railroads in Central America.

Valentine set forth that his Quisicocan had been hurried into the water in such condition that she had to be dry-docked and relaunched. He said the boat never leaked a drop.

With the exception of the session, the committee concluded the investigation, which has been in progress for a year. There is no indication as to when a report or recommendation will be made on the basis of the evidence obtained.

**SECURITY LEAGUE MEN REVEAL ACTIVITIES.**

**CHICAGO BRANCH SUBCHAIRMAN TELLS OF CONGRESSIONAL CAMPAIGN.**

(BY A. P. NIGHT WIRE.)

CHICAGO, Jan. 30.—The Congressional committee investigating the National Security League of unduly activity spent the entire day here examining two witnesses, Emil C. Wetten, chairman of a subcommittee of the Executive Committee of the Chicago branch of the league which investigated the qualifications of certain candidates for office, and H. J. Buckley, secretary of the local branch of the league since last summer.

Mr. Wetten told the committee that the government had taken over the yard when the Illinois during the summer of 1917, which overthrew the Costa Rican government then in power.

Mr. Wetten informed Senator Hitchcock, Valentine alleges, that Federico Tinoco overthrew the Costa Rican government "in furtherance of his bribery agreement."

## WHAT'S DOING TODAY.

## BRITISH EMBARGO TO HELP MANUFACTURERS.

[EXCLUSIVE DISPATCH.]  
CHICAGO, Jan. 30.—Great Britain's embargo on certain American commodities will help, rather than hurt, manufacturers of popular-priced merchandise in this country, said Albert Levy, president of the Manufacturers' and Importers' Association, which is holding its exposition here this week.

"Early this morning our Executive Committee analyzed the British statement and found that of the 22,000 articles which we represent 99 per cent. are covered by the new ruling. That is to say, the bulk of inexpensive articles to be found in 5 and 10-cent and 25 cent stores in America are not on the proscribed list.

"Only those few items which are forbidden by Great Britain will be held back, even slightly and for 99 per cent. of our inexpensive merchandise, the stimulated American market will mean greater production and cheaper prices all the way around for American consumers."

GROWERS CHOOSE DENVER.  
[By A. P. NIGHT WIRE.]

LOGAN (Utah) Jan. 30.—The second annual convention of the American sugar beet agriculturists and their wives met at Denver last January, and it was decided here today at the closing session of the first gathering of the organization. The present officers, Mr. and Mrs. C. C. Hartung, Sprakles Sugar Company of California, vice-president; J. Hartung, Sprakles Sugar Company of California, vice-president; Dr. J. A. Breck of Illinois, secretary, and they are re-elected for the ensuing year.

Greeks, Italians Returning Home.  
[By A. P. NIGHT WIRE.]

NEW YORK, Jan. 30.—More than 2,600 Italian and Greek war veterans, the majority of whom told customs officials they wished to return to their native lands to assist in the return of relatives, who were breadwinners and were killed or disabled in the war, have asked for passports to sail Saturday on the Gloucestri Verdi for Naples and Genoa.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED.  
[If peevish, feverish and sick, give "California Syrup of Figs."]

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign it's little stomach, liver and bowels need a cleansing once.

Then listen to pulse, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a few drops, for a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it home in your home. A little glass today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

## WHY HAIR FALLS OUT.

Dandruff causes a sever irritation of the scalp, hair roots, causing them to fall and then the hair comes out fast. To stop falling hair at once and rid the scalp of dandruff, use a few drops of "California Fig Syrup of Figs" in a tiny amount of water and rub it into the scalp. After a few applications all dandruff disappears and hair stops coming out.

## BUSINESS BREVITIES.

# The People and Their Troubles

## DOROTHY DIX TALKS The Saving Grace.

BY DOROTHY DIX.

"My dear," said an old woman to a bride, "there is just one genuine, reliable, blown-in-the-glass, follow-the-rules-and-you-cannot-fail-for retaining a husband's affection and making matrimony a grand sweet song, and it is this: be pleasant to live with."

"All the other dope on the subject is bunk and bumble, and false prophecies, generally, that fail you in your hour of need."

"Very few women have ever found this out. As a rule, wives pit their faith to one of two theories. They either go in for doing their duty as wives, or keeping young and beautiful, and as husband pacifies nothing in the character world."

"A man ever fall in love with a woman for her virtues, or kept in love with her because she continued to practice them. Furthermore, no woman can do her full duty towards her husband by making him hate her. No other woman being is so devastating as a paragon, and no woman can bind over her adoring lover to the end of the chapter make up your mind that you are going to be a person with whom it is pleasant to live."

### NO MEN TO MARRY!

All Right to Die for France; Live for French Girls—Oh!

A fear that marriages in Los Angeles, which showed a falling off of over 800 last year, may slump still further during 1919 is expressed by a correspondent who signs her full name, but asks that only the initials be used. The initials are L. M. H., and as nothing is said about leaving out the address, it may be set down for the sake of exactitude that it is No. 8065 Burlington avenue.

The fear voiced by L. M. H. brings up, indeed, a problem of not a little interest to American young women, who take the affirmative in the recent discussion as to whether women shouldn't retire from industry to the home. For while it is true that women return to the home, the availability of husbands is an cut down by French marriages that there are not enough to go round to make homes? And this is the crux of Lucy's big paradox. L. M. H. is silent. She protests, in effect, that though the women of America were willing to give up their sons and their sweethearts to die for France, they are not to enter into matrimony with the settled determination that they are going to be a person with whom it is pleasant to live.

Lucy's own words:

"Reserve in the first place, that you will be cheerful. Married life is not a flower-bedecked pathway for any woman to tread, and you will find a million things over which you must either laugh or cry. Laugh. It is the braver thing to do and somehow troubles have a way of disappearing before laughter, as they need do before tears."

"Consider, if you're a man who is coming home tired and worn at night from a hard day's work, whether you would rather return to a cheery, optimistic little wife who has the best face possible on overalls or a weepy, whiney, disgruntled lady who turns up after waterworks every time anything went wrong and wet blanketed every situation."

"Then, when you're a rational and sensible person, you'll be rational and sensible. If the young American soldier brings his French bride over here to live, she may not be permanently happy, because women cling closely to environment, human frailties and who is big enough and intelligent enough to stand for hearing the truth."

"Finally, remember that you will refrain from criticizing your husband and telling him his faults even if you have to bite your tongue off in your efforts at self-expression. Consider that a man in his battle with the world is not likely to have his self-love stabbed at every turn and that the one thing on earth he most yearns for is some woman who will bind up his wounds in the other moment."

"However, this altogether delightful and happy solution of the problem of our unmarried women may not always be attained. The American young man is temporarily an adaptable person. Given

a mating with an equally adaptable young Frenchwoman, and the accident of environment may not matter at all. Especially is it likely to be that if the American does bring his bride immediately to America but settles down to rebuild France for a while."

UNCLE DAVID.

ROOSTERS vs. Dogs.

LOS ANGELES, Jan. 27.—[To the Editor of The Times:] Good for Mr. Morrow, about roosters vs. dogs. Every chicken serves its purpose, but show me—if any one can—what good a howling dog does. I believe with Dr. Harvey Wiley and numerous others who advocate the killing of dogs. Sentiment has little place when starvation confronts a world.

JOHN J. MONG.

### WAR DEPARTMENT

### UNITED STATES

### SPRUCE PRODUCTION CORPORATION SALE

LOGGING and Lumber Concerns, Contractors, Communities and Municipalities proposing or projecting Logging, Land Clearing, Reclamation, Irrigation, Road and Highway Building—will find in this Government Sale an unequalled opportunity to procure Machinery and Equipment.

### SEALED BIDS

SEALED BIDS will be received on these listed materials, until 11 A. M. Saturday, February 15th, and thereafter opened at the Headquarters of the United States Spruce Production Corporation, Yeon Building, Portland, Oregon.

Personal inspection of materials is invited to be made at Assembling Depot, Vancouver Barracks, Vancouver, Washington, by securing Credentials from Sales Board at Headquarters, Yeon Building, Portland.

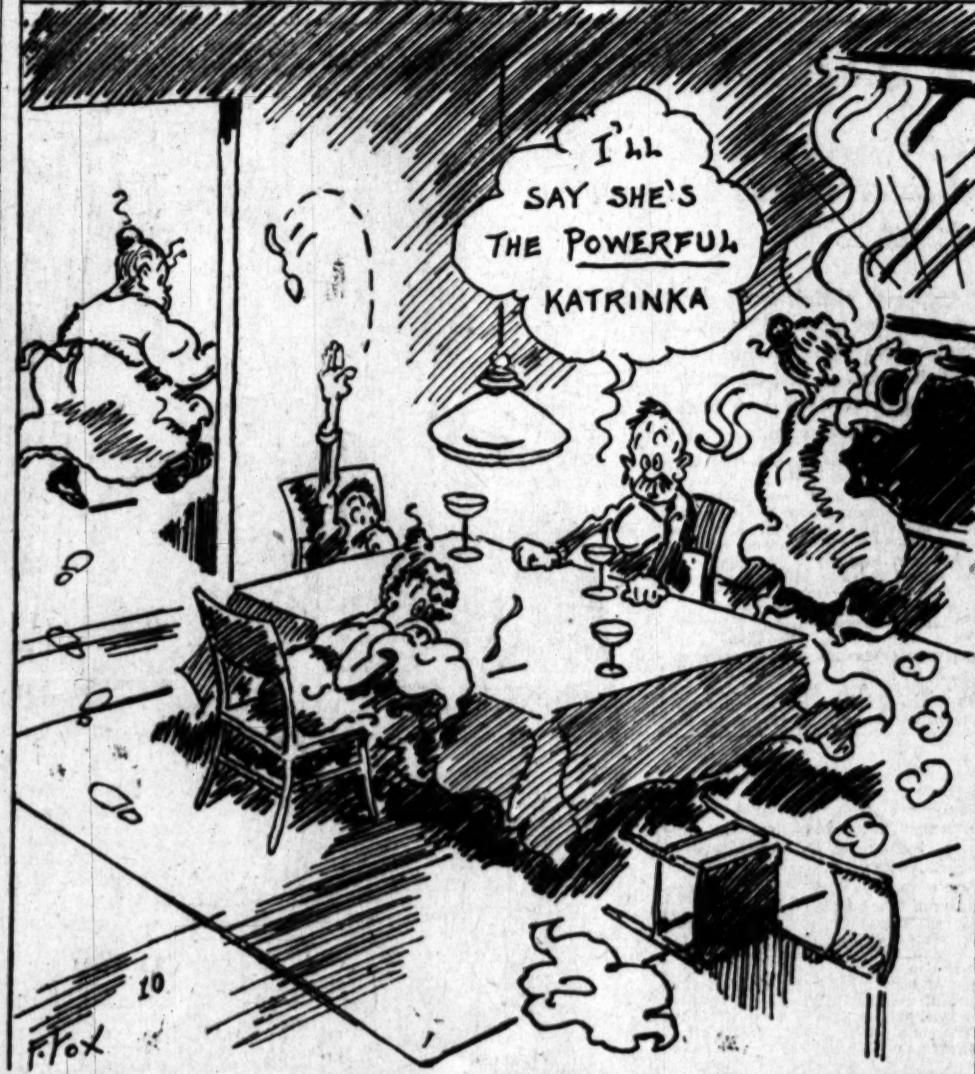

For Terms, Descriptive Catalogue of Materials and Placing of Bids, address

### SALES BOARD

United States Spruce Production Corporation

Yeon Building, Portland, Oregon

She Used Perfume for the Flu - - - By Fontaine Fox.

### IS ACCUSED AS DOUBLE SLAYER.

Man Awaiting Trial in East  
Also Wanted Here.

Motorcycle Officer's Murder is  
Local Charge.

Only First-Degree Verdict to  
Stop Extradition.

### DONKEY ENGINES

Logging, Hoisting and Loading

Willamette, Tacoma, Smith & Watson, Washington and other makes. Sizes ranging from 6½-in. to 20-in.

13-in. x 14-in.

### RAILROAD EQUIPMENT

Rails

20-lb. Relyar .... 584 Tons  
20-lb. Relyar .... 40 Tons  
Relyar .... 26 Tons  
40-lb. Relyar .... 147 Tons  
45-lb. New .... 1727 Tons  
45-lb. Relyar .... 499 Tons  
54-lb. Relyar .... 56 Tons  
60-lb. New .... 2581 Tons  
67½-lb. New .... 5030 Tons  
80-lb. New .... 2910 Tons

Locomotives

Gared and Red. 36 to 70-Ton. Shay, New York, Baldwin, Heisler, Climax, etc.

Logging Trucks

Connected and Disconnected, 60,000 to 80,000 capacity.

Tracks

Packards, 1½ to 5-Ton Standards, 1½ to 8-Ton Darts, 1½-Ton, Dayton, 2-Ton Darts, 1½-Ton, Dayton, 2-Ton Vehiles, 1½-Ton United, 1½-Ton Gramm-Bernstein, 2½-Ton Federals, 2-Ton Garfords, 3½-Ton Automobiles

Cadillacs, Seven-Passenger Dodge, Five-Passenger Ford, Five-Passenger

A. C. ELECTRIC MOTORS 440-volt, 3-phase, 60-cycles, 8 to 75 H. P. with or without starters

Other Machinery and Equipment for Sale

The Sales Board Reserves the right to accept or reject all Bids.

Lieut. Alva E. Loomis.

NAVAL HONORS FOR  
DEAD LIEUTENANT.

BODY BROUGHT HERE FROM  
LOWER CALIFORNIA WILL  
BE BURIED TODAY.

With a full naval guard of eighty men, in command of Capt. Shackford of the Naval Reserve Station of San Pedro, the body of Lieut. Alva E. Loomis, U.S.N., which arrived at San Pedro from Lower California yesterday, will be taken from the Connell undertaking parlors, 1239 South Hope street, at 2 o'clock this afternoon. Interment will be in the family plot in Ingleside Cemetery.

Burchill is wanted in Los Angeles for the slaying on December 15, 1916, of Officer Kronschnable, who was shot and killed near Bakersfield and Bakersfield, when he attempted to arrest a man supposed to be Burchill, for a traffic violation. At the time Burchill is said to have had a young girl in the car, supposedly for an impression, and he was shot and released her after the shooting.

During Capt. Home's two weeks' trip he visited Cincinnati, New Orleans and other cities in the East and South. He also went to Juarez, Mex., to confer with the authorities there regarding a recent murder there.

TO RECOVER FUNDS. T. Dwight Bridgen, and Mary E. Galbreth, the latter minors, petitioned the court yesterday for a writ of mandamus to compel the county to pay out of the general fund a judgment of \$1368.09 against the Fair Oaks Protection District. It is set up that the assessment against the land of the petitioners was illegal. There was no money in the Fair Oaks Protection District fund, it is alleged, and the only remedy is to recover the judgment from the county.

CITY NOT RESPONSIBLE. Holding that the city is no more responsible for an accident in a municipal playground than it would be for an accident in a public park, the State Supreme Court yesterday affirmed the judgment of the Los Angeles Superior Court in favor of the defense in a suit brought by the estate of Byron H. Kellar, administrator of the estate of Byron H. Kellar, to recover damages on account of injuries received by a young Kellar while playing in a municipal playground in San Bernardino city. Young Kellar had an arm broken and for this the action to recover was brought.

Julius Leventhal, a merchant of this city, must pay Leon Bloomberg a judgment of \$5000, awarded by the local Superior Court, according to a decision handed down yesterday by the State Supreme Court. Bloomberg was a clerk employed in the Leventhal establishment, and trouble arose between the proprietor and Leventhal, who had regard to a bill of goods that a customer had returned. The record shows that Leventhal struck Bloomberg on the side of the head with his fist, and it was the testimony of physicians that he suffered concussion of the brain. The court holds that the verdict was not excessive, in view of the extent of the injuries suffered by Bloomberg.

### LETTERS TO "THE TIMES."

The Times invites strong, clear, bright expression of opinion on current topics. Letters should be kept in sight. Name or pseudonym should be given. Religious and personal correspondence, or the signing of the writer's true name, which will be either published or withheld at the discretion of the editor, may be submitted. Letters offered for publication should be in "parliamentary" language, and are subject to editorial supervision.

Are There Medical Bandits?

SANTA BARBARA, Jan. 28.—[To the Editor of The Times:] If there is one thing more abominable concerning which human race as a whole, is both ignorant and woefully careless, it is the general repair and upkeep of the house it lives in—the human body.

Soon or later the neglected structure becomes unclean, a harbor of disease. This condition is no longer within the reach of the fundamentals that have been a part of our early education. We must consequently place ourselves in the hands of those who have made the study of the "correction of disease" their life work.

And here let us pause. Too much importance cannot be attached to the selection of one's physician. The following incident illustrates an evil which is only too prevalent today:

A young girl, suffering from an acute ailment, more or less trivial in character, consulted a physician, who informed her that her only escape from surgery depended upon her acceptance of fifteen treatments. The girl, small and very unimportant, however, I refer to the case in question, displayed in some of the local cafeterias. These cases are wretched occupancies and should not be seen. The effect, to a person of ordinary humanity, is painful.

PEN POINTS.  
BY THE STAFF.

Were your coin men, for the 15th, early home in April?

Not there is no train now running from Berlin to Baghdad.

None of the profits: "I care not who serves the country if I can make the money."

"Hobbies since 1918" are returned to the stores of the day. There is no such thing.

How would Julius Kahn Speer of the House sound? Strange things have happened.

Remember when the old-fashioned Democratic politicians used to talk about "British gold"?

It might be of interest to keep an eye on that wobbly Spanish throne for it is more than substantial.

The war has now really been over since last November, and Secretary Newton D. Baker is still explicit.

Henry Ford ought to be able to get a few subscribers to his new weekly newspaper out. Pasadena way.

Of course, when Thomas Riley Marshall gets weary of standing on one foot, he can change over to the other.

A lot of divorce actions could be prevented if H. W. was the wife is governed secondly, the husband would tell her so.

The Nobel peace prize will not be awarded this year and, as the American marines are not eligible, we don't know but it is just as well.

Some talk of nominating Herbert Hoover for the Presidency in 1920. That would certainly give Senator Reed an attack of apoplexy.

Some of these days there will be a return of the time when a girl can make up her bed and sweep her room without suffering nervous prostration.

The baseball press agents are certainly very busy just now. If the season is not a success it will not be their fault. What a clever lot of talk they all have.

Former King Manuel of Portugal is reported as being both in London and in Lisbon. If Gary Beals is in the audience possibly she can identify the young man.

With the increase in the supply of oranges at Long Beach, San Pedro and Wilmington, there ought to be no lack of the "Imported French" variety during the next season.

If the government takes over the most business we shall regime back on the "pure pork" because the most of the butchers are following the laudable example of the laudable bystander.

The Friends of American Democracy came to have forgotten to send George Creel any testimony of their respect. Here is an opportunity for Col. George Harvey of the North American Review to do good here.

The prices of some things are falling, but the reduction is not enough to be welcome. The general reduction may be expected to vary from time to time, but the era of high prices is to be with us for quite a while. It is useless to indulge in false hopes.

Another thing to make the American people give three cheers and hooray the 4th of March is the news that the Hon. Cleaver Hitchens of Montreal, N. C., will not be chairman of the House Committee on Ways and Means.

A letter of recommendation from a highly-respected understandest man and carry as much weight with a responsible employer as one from a responsible person who has loaned him money or possibly lives next door to him where the two wives have opportunity to compare notes.

Although the official figures stand at hand, it seems to be true that influence played as much here in the army as did the bullet of the German. In spite of the terrible uncertainty this adds the fact that more than a million may have been brought home. These are the only figures that have been given by the engineers themselves. Disagreements between the best methods of combining the data of estimates.

The Majority of the Democratic candidate for President in 1920 is still undetermined, but of course we may be assured, he will be the choice of President Wilson. It is not McAdoo, Baker, Hoover, Daniels, or any of the other Democratic candidates. It is well to remember that the men who will be the deciding factor will be the deciding factor in the great struggle. Having said this, we do not know what they think of how things have been done.

None affected by the "pairing" between Los Angeles and Southern Pacific and the discontinuance by the railroads of their railroads and passenger service, would justify an outlay of \$5,000,000 here for extension of passenger service, a supplemental report by Chief Engineer Richard Sachse of the Railroad Commission on the Angeles union station project, was forwarded yesterday to General Walker D. Hines in Railroad Administration.

BAD FOR BURGLARS.MAN EXPLAINS TO COURT HOW  
HE CAME TO BE STUCK  
OVER TRANSM.

A man should drink real red wine if he wants to be a glazier, said James A. Wilson, in effect, to Justice Hinshaw yesterday in explaining why he was found lying on a transom over a transom of a drugstore at 800 West Temple street on January 24. Wilson was held to answer in spite of a perfect explanation of his peculiar predicament.

He said it was due to a party he intended to attend. He was commanded to furnish the wine, of the red type. He tasted it and it was rather good, but could not answer.

The Guarantored Life Insurance Company, General Life Insurance Company and other companies for men and women. No medical examination required. You get your money back, if you die.

What is Rome do as the Romans do? In Los Angeles Sunday, see D. W. Griffith's "Mother and the Law," at the Kinema.—[Advertisement.]

*Coulter Dry Goods Co.*

# Health, Safety and Enjoyment in Pasadena

## No Influenza Restrictions Whatsoever—None Are Needed!

### PASADENA

Known far and wide as one of Earth's fairest and most favored spots—was never more attractive than this winter—never safer—never healthier.

Dr. J. Severy Hibben, Health Officer of Pasadena, said yesterday: "No safer place in the country so far as influenza is concerned. Cases reduced to a minimum. Health conditions from every standpoint most excellent in Pasadena."

Authentic figures from United States authorities prove Southern California mortality rate is very low. The infant mortality rate in this county is lower than in any other county in the United States.

### COME TO PASADENA!

#### BE HEALTHY, HAPPY AND SAFE

Social and Recreation Activities in our Hotels are in full swing.

#### MOTORING CONDITIONS IDEAL

Pasadena is the center of a network of paved boulevards that lead to mountain, valley and sea. Hundreds of miles of level highways bordered by varied and beautiful scenery.

More good things to fill your days and more days to live if you live in Pasadena.

### SHOUT, SMILE, BURN MUZZLES.

With One Good Jerk Pasadena Becomes Hilarious.

Celebrates Repeal of Unpopular Mask Ordinance.

An Experiment that Scared Many Visitors Away.

(LOCAL CORRESPONDENCE)  
PARADENA, Jan. 26.—A celebration that was a strong reminder of the big peace demonstration following the signing of the armistice was staged yesterday at 4 o'clock this afternoon, the hour when the influenza mask ordinance went out of existence.

Thousands of masks came off with a universal jerk, exposing on every countenance the smile that comes only with happiness and good cheer. Suddenly all the automobiles in the business district began to toot their horns. Boys whistled and strangers shouted their joy at many others.

Traffic Officer Edward Abbott, at Raymond and Avenue and Colorado, at the corner of the two corners in the city, applied a match to his mask and dropped it at his feet. Everybody who saw the act laughed and rushed forward. In a minute the regulars and laughing, slowed down to drop their face coverings in the flames which leaped higher and higher as the celebration progressed.

ALL DISAPPEAR AT FIVE.

Just when the people thought of the celebration was over, was indicated by the fact that a minute after 5 o'clock there wasn't a mask in sight anywhere except on the pavement. That was covered with a band of men who had been gathered together to meet the incoming train at 5 o'clock, and twenty bellhops also were there, with several boxes of oranges, which they distributed among passengers in the coaches.

The situation was made all the more ridiculous by official statements from the health authorities that influenza as an epidemic is now but an unpleasant memory. The disease is virtually stamped out. Dr. J. S. Hibben, city health officer, who has kept in touch with the situation all over the country, declares there isn't a place in the United States freer from the disease than Pasadena.

People generally are preparing to forget the trouble they have had and to go in for a good time. All sorts of social activities are being planned for the big hotels for the country clubs and for private homes.

Merchants are preparing for a big business during the remainder of the season. The hotels are receiving reservations that indicate an exceptionally heavy influx of winter visitors. Tourists already here, to the number of several thousand, are entering with enthusiasm into the utmost. For the rest of the winter Pasadena is going to be one of the gayest places in the State.

During the dinner hour at the big hotel, tonight, joymakers, headed by a band paraded through the corridors and into the dining-rooms, carrying brooms with a discarded mask perched on the top. The band, in full uniform, inspection met the hearty acclaim of the guests. A dance at the Hotel Maryland followed. Tomorrow night there is another ball at the Maryland.

During the life of the ordinance in Pasadena, literally hundreds of wealthy winter visitors left the Crown City or turned aside before reaching here and are now enjoying themselves in Los Angeles, Glendale, San Fernando, Santa Barbara and other Southern resorts where no masking was done and people lived in comfort and safety from the "flu." Hotel men and merchants of Pasadena are a unit in declaring the ordinance the most expensive and needless experiment in the city's history.

Latednight many celebrities, with the band, went to Los Angeles to let it be known that Pasadena is now a maskless, cheering enthusiasm from guests at the Alexandria and from many others.

BURNS PROVE FATAL TO ANAHEIM CHILD.

(LOCAL CORRESPONDENCE)  
ANAHEIM, Jan. 26.—Frieda Grusling, 10-year-old daughter of Mr. and Mrs. Thomas Grusling, prominent rancher, died here yesterday from the effects of burns received on Monday afternoon. The origin of the fire will always remain a mystery. Her father and a neighbor were walking over the street with the child following closely behind, as was her usual custom. Suddenly they heard her make a noise, and on looking around found her in flames from her waist up. After smothering the blaze she was rushed to a physician, but he could do little for her.

Funeral services will be held on Friday afternoon from the Lutheran Church. Interment will be made in Anaheim Cemetery.

Officers of the Governor's staff acted as pallbearers and interment at the home cemetery was attended by full military honors.

MORE GERMAN KULTUR.

(LOCAL CORRESPONDENCE)  
PARADENA, Jan. 26.—Herbert G. Taylor of 210 North Michigan avenue, late with the Fourth Division of the Canadian army, is home after several months' service at the front. He was 142 days in hospital as a result of being struck by a splinter from a Hispano-Suiza shell, which carried bottles of germs. These were scattered when the shells broke. Mr. Taylor tells the story of his trouble and the disease afflicting him with such pride that the one in which he received the wound.

REDONDO SCHOOLS TO OPEN.

(LOCAL CORRESPONDENCE)  
REDONDO BEACH, Jan. 26.—The Redondo Beach schools will open next Monday, after several months' enforced vacation on account of influenza, according to an announcement made by Prof. C. A. Langworthy, superintendent.

There are 500 men and 800 women in the school.

REDLANDS GRIZZLIES RETURN TO HOMES.

(LOCAL CORRESPONDENCE)  
REDLANDS, Jan. 26.—Dushane Hynson, son of the Rev. and Mrs. N. D. Hynson; Lieut. Derry, Mrs. Al McIntosh, Bebe Melson, Frank Kitching, Perry Hatcher and Karl Shedd, all members of the famous Grizzlies, have returned to their homes in this city.

## Do You Want to Know Both Sides?

Swift & Company's 1919 Year Book, just out, tells you

What Swift & Company's profits were in 1918,  
The truth about the Federal Trade Commission's  
investigation.

Why the prices of butter and eggs are so high,  
And many other vital facts.

Whether or not you agree with us after reading this Year Book  
you will at least know both sides.

You will find it interesting; Americans like to hear about big  
things done in a big way.

You will also discover that we are merely human beings like  
ourselves, doing in the best possible way a necessary service.

Legislation is pending in Washington; as a good American  
citizen you want to know both sides of this question. It concerns  
you, as well as one of the most important industries in the country.

Do not hesitate to send for a copy of this booklet. Your name  
and address are all we need.

## SAY NEW RATES WILL RUIN 'EM.

Strong Protest by Shippers  
Against Rail Raises.

City will be Hard Hit, Says  
Commercial Board.

Need for Arbitrary Action no  
Longer Exists.

Vigorous protest against the adoption of the proposed increase in railroad rates was made yesterday to the State Railroad Commission by the Commercial Board of Los Angeles, an organization representing more than 100 of the biggest shippers in the Southwest. Members of the Bishop & Bayler Company, traffic managers for the Commercial Board, declared yesterday that no reason for the publication of an increase in rates, other than for the sake of uniformity, has been given.

Shippers affiliated with the Commercial Board asserted that the proposed rates will wreck the business and points out that the new rates, if they become effective, will double and even triple those which stood in June, 1918. The rate for the rail between Los Angeles and the harbor on first-class freight in June, 1918, was 12 cents per 100 pounds. The railroad administration has proposed to raise the rate to 25 cents and the proposed rate will be 33 cents.

Between Los Angeles and San Diego first-class was 40 cents; is 50 cents and now is 60 cents, while fourth-class was 20 cents and would be 26 cents. Between here and Sacramento the rate on first-class freight was 40 cents, 47 cents and now is \$1.42. The rate between Los Angeles and San Francisco was 60 cents; is now 75 cents and would be \$1.22 per 100 pounds.

In a petition to the State Railroad Commission, asking that the Interstate Commerce Commission and the State commission be reinvited with authority to adjust freight rates, the Commercial Board says:

"Now that hostilities have ceased we believe that with the return of peace there will be no longer any arbitrary action, such as is proposed by the director-general, no longer exists, and we feel that the State and Federal governments should resume their full pre-war powers and functions in order that the rights and interests of the shippers may be safeguarded by full and complete investigation of all proposed rate changes during the interim between the present time and the adoption of national legislation that will define the future status of the shippers."

As your honorable house was created by the State of California with protection of the shippers' rights as one of the ends in view, we respectfully call upon you to resume your activities for the control and regulation of intrastate rates and to investigate to the full extent the advisability of the proposed increases through the power vested in your body by the Constitution of the State and the Public Utilities Act."

## RIGHT TO LEAVE HOME.

Man Whose Wife Fed Him Thing  
He Didn't Like Is Divorced.

Although Judge Wood denied Hugo Puppe a divorce on the ground of extreme cruelty, he considered that he was justified in leaving home by the actions of his wife, Johanna Puppe, and gave him a decree on the ground of desertion.

Puppe fed her husband on pork chops when she discovered that he hated them. He said she told him it was "better than he would get in jail. She called him an old bald-headed fool, and told him if he did not "shut up," she would throw a hot potato in his face.

## HOPKINS CASE CONTINUED.

Because witnesses failed to appear in court, E. H. Hopkins had his hearing on two charges of embezzlement and issuing checks for which he had no funds continued until February 17. The continuance was granted by Justice Palmer.

## DAILY HEALTH TALKS

The Best Way to Treat  
Constipation.

BY S. C. BARBOCK, M.D.

The medical books name many drugs that will move the bowels. The drug store shelves are loaded down with laxatives, purgatives and pills. The trouble with them is the after-effects. Constant use of them is bad for the system. People know that pills work all right for a little while, but they soon lose their effect, and a change has to be made to something else. The constant taking of pills results in a form of bowel inactivity that is difficult to cure. The system becomes so accustomed to laxative drugs that the organs just won't work without them, and so the bad habit becomes as bad as the constipation itself.

Dr. Pierce of Buffalo, N. Y., seems to me to have the right idea. He says the bowels should first be gently moved with Dr. Pierce's Pleasant Pellets, and in the meantime laxative foods only should be eaten. Figs, prunes, olive oil, spinach, beans, vegetables and fruits are fine for constipation. Chew every bite thoroughly. Don't eat too much, be as active as possible. Now, doesn't that seem sensible? Pleasant Pellets will start the bowels working right; then it is up to you to keep them right by right eating. Try Pleasant Pellets for sick headache, coated tongue, biliousness, dizziness, torpid liver or to break up cold. They are just right.

Dr. Pierce's Anodyne Pile Ointment soothes, cools and heals piles in a most gratifying way. Perhaps there is no other remedy for this torturing trouble that relieves so surely and quickly. Dr. Pierce believes Anodyne Pile Ointment will overcome any case that can't be overcome by medical treatment. Try it right now.

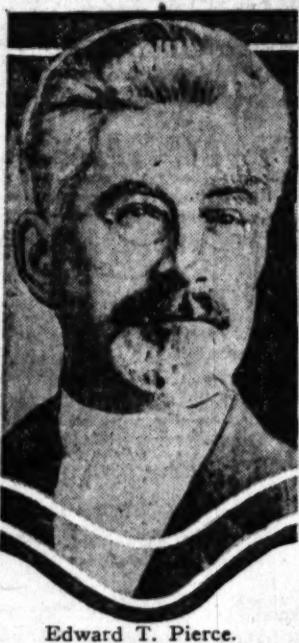

Dr. Pierce's Anuric Tablets are intended for people who suffer from kidney trouble with much acidity, and whose systems are overburdened with uric acid. Nearly everybody has too much uric acid. Anuric Tablets dissolve uric acid quickly, as they are made double strength.

## BOARD DENIES HOLDING BACK.

Ventura School Row Record  
Delayed by Illness.

Club Delegates to Present  
Their Report Today.

Changes in Administration  
are Foreseen.

Edward T. Pierce.

NOTED EDUCATOR IS  
SUMMONED BY DEATH.

DR. EDWARD T. PIERCE, FOR-  
MER HEAD OF STATE NOR-  
MAL PASSES.

In the death of Dr. Edward T. Pierce at his residence in Sierra Madre yesterday, Southern California lost one of its earliest and foremost educators. He enjoyed the distinction of having been president of two State Normal schools in this State, having headed the Normal School at Chico from 1889 to 1902 and the Los Angeles State Normal School from 1893 to 1904. He was the first superintendent of schools in Pasadena, and two years ago, he taught citizenship in the Los Angeles public schools.

Dr. Pierce was born in Meredith, New York, in 1851. He was educated at Walton Academy, and at the age of 17 he took up teaching in a country school. In 1872 he graduated from the New York State Normal School, and for several years thereafter he served as principal of schools in New York and New Jersey.

Union College at Albany, N. Y., conferred his degree of LL.B. upon him in 1877. That same year he was married to Miss Isabella Woodin, and they had three children. When using a large tract of land near Sierra Madre and deciding to spend the remainder of their lives on the ranch.

Soon after their arrival at Sierra Madre, Mrs. Pierce became teacher of the little school at Santa Anita. He continued in that capacity two years, and was then called to Pasadena to become principal of the West High School—four years later he was made superintendent of schools in the Crown City, and he practically founded the present magnificent school system of Pasadena.

In 1889 he was elected president of the State Normal School in Chico, and while there he came into prominence by being reelected as one of the State's leading educators.

After three successful years there, he became president of the Los Angeles State Normal School, a position he filled with great credit to himself for about one year.

Upon his retirement from that position he and Mrs. Pierce made an extended tour of Europe. After that he devoted his attention to ranching with the exception of one year spent in teaching in a country school in the Los Angeles schools, he was in failing health for about two years as the result of a complication of ailments.

The surviving relatives are the widow, Mrs. Isabella, and two sons, Mrs. Mora Pierce Maul of Sierra Madre; a sister, Mrs. Katherine Pierce Wheat, and six brothers, who are Herbert, Charles, William, Fred and Clarence Pierce, of Los Angeles.

Funeral services will be conducted at the family residence in Sierra Madre Saturday afternoon at 2 o'clock by the pastor of the First Methodist Church, Rev. Charles C. Pierce of this city, who also assisted at the funeral services of his father and mother and a younger brother. Dr. Pierce will deliver a eulogy. Services will be private, at Hollywood Cemetery.

CHANGES EXPECTED.

That certain changes in the school administration will follow, this investigation is believed probably by the club women investigators, who associate the resignation of Mrs. C. Clarke of Santa Paula from the board of trustees as having a direct bearing on the dissatisfaction over the system of handling inmates inaugurated by Mrs. C. M. Weymann, superintendent of the institution.

The fact that another vacancy on the board has been caused by the failure to reappoint Mrs. L. B. Hogue, whose term expired on January 25, has served to heighten this impression.

In tendering her resignation, Mrs. Clarke said that her reasons were "purely personal." She is quoted as saying, however, that on the occasion of one of her visits to the school she was "severely reprimanded" by one of the trustees for speaking to a girl inmate.

"When I first went on the board," explained Mrs. Clarke, "one of the members took me aside and said that Mrs. Weymann, the superintendent, did not like to have us talk with the inmates or interfere, so, of course, I kept out. After the first time I attended I attempted to go to another room and asked a girl in the hall one of the wards, where I should go. I was severely reprimanded by one of the trustees for speaking to the girl, and so, of course, I never spoke to any of them again."

Mrs. Clarke added that the habit of the trustees was to accept with open question the reports of Mrs. Weymann on the school management.

SAY FIRE WORSHIPER  
DIDN'T MISTREAT 'EM.

MOTHERS OF GIRLS TESTIFY  
IN FAVOR OF "MASTER" IN  
DAMAGE SUIT.

Miss Ida Jones, an investigator in the District Attorney's office, was the star witness yesterday for Dr. Muriel Case, Juvenile Hall physician defending a \$50,000 damage suit growing out of alleged mistreatment of Audra Ellis, before a jury in Judge Craig's court. He told his version of the transactions that led up to the sale of the Orange County ranch and the manner in which the \$50,000 received for it was spent.

Fox, it was said, intended to try to prove that the woman spent most of the money paying for a trip they took through several Western States and Canada, and that she was at Cheyenne, Wyo., on one occasion, Mrs. Walter's won \$700 in a bet at Cheyenne and then lost that and more. Later, in Denver, she twice hired a gambler to buy wine. Fox said that Mrs. Walter's was married when he first met her. This she denies.

She said she had been with Dr. Hanish at a fair at Bakersfield. Mrs. Walter drew a roll of \$100 bills from her stockings and lost a bet with a secretive bookmaker. On the stand previously Mrs. Walter had said that she had never been with Dr. Hanish, alleged Persian water worshipper.

In this confession the girl denied that she had been with Dr. Hanish. This elderly man and the tender girl were together some time. When the District Attorney's office sought the fire worshiper, it was found he had disappeared.

The mother of the girl and the members of Dr. Hanish's cult indignantly deny that the "Master," as he is termed, mistreated their offspring. The suit is sought to show that the girl was injured when she was examined by Dr. Case.

Dr. Hanish's evidence contra-

dicts Dr. Case's. The case is still

on trial.

## A Bank—PLUS A Trust Company—PLUS

A Bank which has a Trust De-  
partment can render all its patrons in all  
its departments more complete service.

A Trust Company which is part  
of a Bank is able to offer its patrons bet-  
ter and more complete service than a Trust  
Company which is only a trust company.

A Bank is a mechanism for keeping money  
SAFE, and for making INVESTMENTS PAY. A  
Trust Company is a mechanism to care for or  
protect property intrusted to it, and to carry out  
the wishes of those making the trust. Coupled  
together—A Bank and a Trust company mutu-  
ally increase the efficiency of each.

Let this old, experienced, safe Bank,  
with its highly efficient Trust Department, ren-  
der you the COMPLETE service, in every de-  
partment of Banking, in every Fiduciary or  
Trust Capacity, such as only an institution like  
this can give.
